
ZERO BASED BUDGETING

ZERO BASED BUDGETING means that every dollar of your income is given a role. $\text{income} - \text{expenses} = \text{zero}$.

PRIORITIZATION - In order for your budgeting to be effective, a budget should be based on your vision and goals. "Does this line up with our goals and with our bigger vision?"

VISION - Summarize your vision in a few short sentences:

GOALS - Jot down your first few goals:

ASSESS - As you create your budget throughout this module, ask yourself "Does this line up with our goals and with our bigger vision?"

"A budget is telling your money where to go instead of wondering where it went."
